Disney Princess Enchanted Character Guide is the official Disney Princess book that has all eleven Disney Princesses, including the newest members, Tiana(from the Princess and the Frog), Rapunzel(from Tangled), and the first Disney/PIXAR Princess, Merida(from Brave)! This book has also the histories, supporting cast, enemies, and animal friends of each Disney Princess! This book is perfect for all Disney Princess fans!

Such a beautiful book with fun details about each princess and all the characters involved in each story. Got this as a Christmas present for my 3.5 year old as a prep for our upcoming trip to Disneyland. She hasn't been overly excited about it - but I think once we hit Disneyland, that'll definitely change. Â Â Â~Â

It's like a Disney princess encyclopedia. For newbie parents who know nothing about princesses and their stories, this is a quick guide to who's-who in the stories. My daughter (and son) both love it and love referencing the book while watching Disney princess movies. Also promotes reading as they want to know what it says about each character. Love it!

My 4 year old loves this book. She carries it all over the house and takes it whenever we leave the house. I had to buy it because she was devastated when I returned the one we had borrowed to the library.

My daughter loves these "Character Encyclopedia" style books and this one was no exception. She devoured all the information as she read through each page.

Great book! My daughter loves it. It covers the majority of the Disney Princesses as well as a few other characters.

My daughter loves this!
