Age Range: 4 - 8 years

Grade Level: Kindergarten - 3

Customer Reviews

Great little coloring book with animals not usually put in kids coloring books. Scan and enlarge the images so you can print them at a good size for your little one. Teaches your child coloring in the lines, names of the animals, and reading. The paper is of a good weight - you cannot see the image on the back side. Animals presented in alphabetically order. My only complaints are: a few of the animals (a very small portion of the book) don't look quite right to me... but the rest is wonderful and well worth the purchase of the book. Also, most of the names are very specific as to the species but then the camel is just a camel... I wish they kept the specificity throughout the book. Lastly, the tortoise is labeled a turtle - there is a difference. Here is the the list of the animals:- Aardvark- Addax- Adelie Penguin- Alligator- Armadillo- Baboon- Bat- Beaver- Bighorn Sheep- Bison- Bobcat- Bottlenose Dolphin- Camel- Cape Buffalo- Caribou- Cheetah- Chimpanzee- Crested Porcupine- Eagle- Elephant- Fawn- Flamingo- Gazelle- Giraffe- Goat- Gorilla- Grizzly Bear- Hawk Owl-

Hippopotamus- Kangaroo- Leopard- Lion- Llama- Moose- Mountain Goat- Mountain Lion- Musk-ox- Opossum- Orangutan- Panda- Pelican- Puffin- Rabbit- Red Fox- Rhinoceros- Saki Monkey- Sea Lion- Snowy Egret- Swan- Tarsier- Three-toed Sloth- Tiger- Turtle (really a tortoise)- Vervet Monkey- Walrus- Weasel- White-tailed Deer- Wolf- Yellow Rat Snake- Zebra

note how small the book actually is! Don't expect a regular sized colouring book, it's actually pocketbook sized!

This 4 1/2"x5 1/2" book has a varied amount of animals outline for coloring. The illustrations are simple but realistic. Since I choose this for a two year old I wasn't happy with the random illustration of a yellow tooth rattlesnake on the last page. I might remove that before using this for a gift for out toddler.

I knew the booklet was small but thought it would still be a cute little activity for my almost-3-year-old grandson. However, the pages won't lie flat and he couldn't manage holding the booklet open and coloring at the same time. I won't buy these again.

I sponsor a child through World Vision and other than the monthly monetary donation, all additional gifts need to fit in a 6x9 envelope. My little girl is 6 and likes to draw and color, but it's hard to find coloring books small enough to fit in the package. This is just the right size and fits nicely in the envelope with enough room for a pack of colored pencils. The book itself has a wide range of animals so I'm sure it will be entertaining to look through. I'm happy that this line of coloring books exists so that I can send more in the future!

I bought several of these books for my five year old daughter she was four at the time, however they are small and compact great for the jeep and for using in church. Lets face it kids have to be occupied at certain times and it is nice to have this and other books like this to keep there attention occupied.

This book is just the right size you can take with you. The animals are all cute. I guess this is a child's coloring book. So I guess I am in my 2nd. childhood because I like it just fine. If you like animals, you will like this book.

Little Zoo Animals Coloring Book is a small 5.5 x 4.1 x 0.2 inches coloring book with lots of different zoo animals. I didn't realize it was as small as it was when I ordered it, but it made a nice stocking stuffer at Christmas.~Virginia
