Customer Reviews

My Grade K granddaughter loves word searches and we are always trying to find something appropriate and not too old for her. This is so perfect. She loves it. I hope there are more because I want to order them. It has pictures as well as the words so it is teaching them reading skills while they have fun doing the word searches. What a winner! Highly recommend this item.

My 4 12 year old LOVES this word search. It's easy enough for her and she is mastering reading just from doing word searches in the last week. I'm amazed at her love and interest for reading now. Yes, she's in preschool, but she is way advanced as far as her classmates are concerned. I bought this as something to keep her interest in learning alive. When she's finished with this word search, I will definitely be purchasing more.

My son loves this book. The topics are of interest to him and the print is the perfect size for grade one. It is not the most challenging of the search a words out there, but it is great as a beginner book. I will probably buy him the rest of this series.

This is the perfect word search starter book! It has six words per word search. It gets a little more difficult towards the end by challenging your student/child to think also. Great buy!

Fun searches for my little guy. Got this book to help boost my son's reading and I'm happy he really enjoys it. Even a place to put his time if he wants it to be a timed practice.

great problem solving. Children like it. Great for traveling keeps children busy. It's fun for the children and keeps them from looking at so much tv.

Love that the stickers are to go on the page number completed. This helps the child at a young age learn numbers greater than 10.

Books were smaller than I was expecting but plenty of activities and my kids enjoyed them, for a great price.
